

Outdoor Bullet Camera

Model: CAM-OD-JS1-AI

Differentiate between people, pets and vehicles with Living Alarm's Outdoor Bullet Camera leveraging AI-based smart object recognition. It also features full 1080P HD video, motion detection, 40 feet of night vision and the ability to view live and recorded clips. Plus with Living Alarm's Smart Security app, you can set up notifications that will alert customers when suspicious motion activity is

detected.

The Outdoor Bullet can be used as a stand alone video surveillance system or as part of a more holistic security and automation system when paired with Living Alarm's Connect+ or BAT-Connect. Offer customers what they need now, plus give them an option to an expandable security & automation platform in the future.
